## The New Library Catalog is Almost Here!

Your library life takes a leap forward on Tuesday, April 14 when we go live with a brand new online catalog. This upgraded site has a new look and feel but will still allow you to search all of the same materials found in SWAN libraries. The new Enterprise catalog will provide reading recommendations, help correct spelling, and provide search suggestions as you type. Ebook fans will be happy to discover and download ebooks directly from the catalog.

You will still be able to manage your library account to place holds, renew materials, pay fines, monitor your checkout history, etc. The new system will also prompt you for a new PIN so that you'll be able to log in without any staff assistance.

The system that staff uses to manage library data will also upgrade, giving you the choice to receive text messages about materials that are due soon, overdue, or those that are ready for pickup. All local libraries belonging to the SWAN network will use this new system.

To learn more about what the new online catalog can do for you, explore the list of classes described on page 6. Look for multiple offerings of the class called **Enterprise: The Library's New SWAN Catalog**. Classes are not necessary to learn the new system. For details about Enterprise or anything regarding our exciting April upgrade, please contact our friendly staff anytime!

### Mahjong Club at the library

stories of how Mahjong came into existence but one thing is true - it is a game that has been enjoyed for thousands of years. You can now play it here on the first Tuesday of the month from 10:30 am–1 pm in our lower level meeting room.
